

# Concept Bags at the Quarryville Library

The Quarryville Library has a variety of items, including books and kits, to help parents and caregivers discuss life's big issues with their children.

One of our most popular collections is our set of Concept Bags. These bags of books and supporting materials cover a variety of social and developmental topics. The books inside often include both fictional stories and nonfiction titles about the topic.

These concept bags are all housed in the clear and blue backpacks. They can be found either in the Parenting & Education Collection or with the children's movies and oversize books.

All kits can be checked out with your Lancaster County Library Card.
